## CONICAL CONNEGTION

The perfect partner for the OCEAN line

AVINENT is innovation. AVINENT is progress. A constant evolution that helps us to create the most complete solutions.

AVINENT has created the CONICAL CONNECTION. A perfect and versatile complement for our OCEAN line. A different concept to work on soft tissues. A digital connection for an innovative system.

BUILDING FOR THE FUTURE. CREATING INNOVATIVE SOLUTIONS. LEADING THE WAY IN IMPLANT DENTISTRY.

## CONICAL CONNECTION

A new step towards perfection

$\Lambda$ VINENT ${ }^{\circ}$<br>Implant System

## AVINENT implants: excellent biomimetic properties, the best geometry

AVINENT IMPLANT SYSTEM has worked intensively in $\mathbf{R}$ \& $\mathbf{D}$ to create BIOMIMETIC ADVANCED SURFACE, a surface which incorporates natural elements, calcium and phosphorus, for maximum osseointegration.

 CONICAL CONNECTION

The new CONICAL CONNECTION has been designed for all kinds of clinical cases and prosthetic restorations in the context of a digital process.

## Great long-term predictability and excellent aesthetic results

## CONICAL CONNECTION

Wide range of implants and prosthetic solutions

- To deal with all types of clinical situations, including immediate loading

CONNECTION DESCRIPTION:

| PLATFORM | $\mathbf{3 , 5} \mathbf{~ m m}$ | $\mathbf{4 , 1} \mathbf{~ m m}$ |
